Dear Parents:

Thank you for your interest in North East Westchester Special Recreation, Inc. We provide a variety of recreation programs for children and adults with intellectual and developmental disabilities.

North East Westchester Special Recreation was incorporated to serve the communities: Bedford, Briarcliff, Lewisboro, Mount Kisco, Mount Pleasant, New Castle, North Castle, North Salem, Pleasantville, Pound Ridge, Somers and Sleepy Hollow. These twelve municipalities provide tax dollars to our agency to support programming for their constituents. Residents of those communities have priority when it comes to registering and attending our programs. At times, we were able to accept people from other communities as room permits.

New York Office for People with Developmental Disabilities (OPWDD) is one of our funding sources. OPWDD provides funding for individuals who are registered and eligible for services. This process begins by contacting OPWDD.

If you have been through the process with your child and have a letter demonstrating eligibility with OPWDD, we will accept them in our programs as room permits. If you have not received eligibility, we encourage you to begin this process as soon as possible so we are able to bill OPWDD for our services. Contact Matthew Faulkner at (914) 995-5253.

Please let us know, if and when your family member is approved.

Thank you,

Ellie Aronemann

Behavior Policy

North East strives to provide quality programs for children and adults with developmental disabilities that are safe, structured, and fun for the participants. In an effort to provide quality programming for all, we have implemented the following behavior policy, which will be enforced by North East staff.

Participants are expected to:

- Remain with their group and follow the direction given by staff
- Refrain from fighting, verbal abuse or destruction of property
- Demonstrate appropriate bus behavior which consists of remaining in their seat with their seatbelt fastened, maintain an acceptable level of conversation (noise) that does not disrupt others and keep their hands to themselves
- Demonstrate appropriate behavior in a community setting

If an individual has difficulty meeting the conditions stated above, staff will implement the following policy:

1st Occurrence:

Staff will meet with the individual to discuss the behavior in question and a phone call will be made to the parent to let them know of the problem behavior. A warning will be given to the participant that if the behavior occurs again, they will be sent home. Parents should be prepared to pick up the individual if the behavior happens again.

2nd Occurrence:

A phone call will be made to the parents, the individual should be picked up immediately and a meeting with the parents must take place before the individual may return to program.

3rd Occurrence:

Participant will be dismissed from program, no refund.

I have read the North East Behavior Policy and understand that my child will be expected to abide by the procedures outlined above.

Consent to Release/Obtain Information

North East receives funding from a variety of sources. Funds are provided by the municipalities that make up our consortium, through fundraising activities, program fees, and New York State Medicaid and the Office for People with Developmental Disabilities.

The Office for People with Developmental Disabilities (OPWDD) provides funding for those programs serving eligible participants. People eligible for OPWDD services must have an IQ of 60 or under and/or a Vineland score of less than 70. The Vineland is a test for adaptive behaviors. People with high IQ's but adaptive behaviors that significantly compromise quality of life are eligible for services from OPWDD. The Vineland test helps us to identify those people.

In order for us to receive funding for our participants, we are being asked to provide the appropriate documentation. We are willing to do the work to retrieve this information, however, we need your consent to have this information sent to us.

Attached please find a form for Consent to Release/Obtain Information. Please sign the form and return it to us for our records. We will use this form to follow up with their school to obtain the information requested by OPWDD.

NUT FREE ENVIRONMENT

Dear Parents/Guardians and Staff:

All North East Programs enforce a nut free environment.

This means that peanut butter sandwiches and other peanut/nut products should not be sent to our programs.

We have a number of participants who are extremely allergic to these foods and we are interested in their safety.

Since we cannot regulate the outside world, if your child is expected to be in the community and has this allergy, please send their EpiPen.

If this presents a huge problem for you, please contact Ellie Arnemann immediately.

Thank you!
